The Novelties

NEW COLLECTIONS
The Novelties

It starts with manual skills, tools and machines operated by those who take in materials and work to transform them. This detailed approach to design involves systems operating as homogeneous units to express an architectural vernacular for interior living. Boffi is the story of a manufacturing endeavour founded in 1934 where today artisans continue to play an integral role, using their manual skills and know-how to shape premium materials into forms that stand out for their quality and beauty. Ninety years of experience manufacturing high-end furniture has allowed Boffi to develop a unique entrepreneurial skill set and sophisticated design culture.

Cove Kitchen	Indoor Kitchen	8
Novanta	Indoor Kitchen	22
Xila	Indoor Kitchen	36
Zone	Bathroom	46
Antibes	Walk-in Closet	62
Antibes System	Living System	76

Marked by a refined and understated interior style, Boffi indoor kitchens create a visual experience with projects designed to become architectural statements. The models reinterpret tradition to offer versatile systems capable of concealing shapes and functions or emphasising them with exclusive materials.

BOFFI

Discovering New Ways to Design:
COVE KITCHEN

INDOOR KITCHEN

DESIGN: ZAHA HADID

YEAR: (2017) 2024

DISCOVERING NEW WAYS TO DESIGN

The Cove Kitchen embodies the unmistakable architectural aesthetic of Zaha Hadid Design. Characterised by fluid and dynamic forms, this iconic design seamlessly merges with Boffi's innovation and technological research, creating a kitchen that combines sculptural elegance with advanced functionality to offer a sophisticated and uncompromising experience. Originally introduced in 2017 as a limited-edition design and refreshed in 2024 to celebrate Boffi's 90th anniversary, this year Cove adds to the collection with new finishes for doors and countertops, along with the addition of a full-length snack counter on the rear side.

BOFFI

Re-Engineering the Design Rules:
NOVANTA

INDOOR KITCHEN

DESIGN: PIERO LISSONI

YEAR: 2024

RE-ENGINEERING THE DESIGN RULES

Novanta is an architectonic kitchen designed on a different scale, which takes on the appearance of a floating structure. Its tactile elements perfectly demonstrate how the industrial design research of Boffi has led to new types of architectures and materials. Technical research in 2025 sees the use of the solid wood West framed door with a horizontal grain and the creation of the Mini Shades door with a special horizontal slat.

BOFFI

Timeless Design:
XILA

INDOOR KITCHEN

DESIGN: LUIGI MASSONI + CRS BOFFI

YEAR: 1972

TIMELESS DESIGN

This modular system has taken its rightful place in the history of Italian design thanks to its pioneering handle-free fronts and ever-expanding range of finishes developed by Boffi. Clean lines and a sense of lightness are accentuated by an intermediate handle rail or by the push-opening system on the lower fronts that combine aesthetic rigour and functionality. The new anodised-aluminium profile of the Quadro Door confers depth and new aesthetic codes to kitchen design.

Rational bathroom design moves away from a formal, rigid aesthetic by focusing on comfort, space and well-balanced functionality. Design takes on a new meaning in modern spaces that allow fluidity of movement and which are combined with technology, mouldable materials and a range of shapes and dimensions. The focus is on creating a style consistent with the other areas of the home and marked by the quality Boffi is known for.

Bathrooms

BOFFI

A New Tactility:
ZONE

BATHROOM

DESIGN: PIERO LISSONI

YEAR: 2024

BOFFI

A NEW TACTILITY

Highlighted by a large, almost bathtub-like basin, Zone becomes even more sculptural given its monolithic profile adhering to Boffi proportions. This re-edition of an iconic design for the bathroom from Piero Lissoni is the result of extensive research and innovation. Available in single or double versions, the Zone channel large rectangular washbasin features a minimal and functional aesthetic. Its new stone variant is available in three sizes—1200mm, 1800mm and 2400mm—to meet every design and spatial requirement.

From bookshelves to wardrobes, Boffi furniture systems are available in a range of compositions that highlight their modular features. There are endless design possibilities to create sophisticated, one-of-a-kind ambiances made up of details that combine aesthetics finishes and the highest functional quality.

Create Your Own Space:
ANTIBES

SYSTEM

DESIGN: PIERO LISSONI

YEAR: 2015

CREATE YOUR OWN SPACE

The wardrobe and walk-in closet are set up to accommodate accessories, a lockbox, hangers, modules, practical compositions, refined finishes and integrated lighting. Designed to fit large and compact spaces, Antibes allows maximum flexibility depending on one's needs. It offers a new decorated glass - MVI by Inalco, featuring a study of embossed graphics on extra-clear transparent glass. The innovations to the 2025 version extend to the Quadro Mitica door, allowing Boffi systems the possibility of inserting an H 2900 mm door in the collection, and to a full-height aluminium handle.

BOFFI

Inspired by Architecture:
ANTIBES SYSTEM

SYSTEM

DESIGN: PIERO LISSONI + CRS BOFFI

YEAR: 2019

INSPIRED BY ARCHITECTURE

The flexibility of the Antibes living system allows you to create a floor-to-ceiling setup where the structure must be affixed to the ceiling. The wooden framework can be accessorised with a TV stand in various heights, a desk, containers with drawers or flap doors and the option of integrating ADL glass. The LED strip lighting and contrasting lacquered elements create an interplay of colour and movement to underline the elegant, architectural profile.

AWARDS

Every award Boffi has won in the fields of design and sustainability is proof of its commitment to rigorous research, experimentation and creative innovation. We are proud and grateful for the achievements earned in these 90 years of business.

Each Boffi product is made in Italy in accordance with ISO 9001:2015 regulations. The ISO 14001:2015 standards ensure the environmental impact at every stage of production. The quality and environmental policies provide continuous improvement actions that involve the entire organization. Boffi products are guaranteed for 3 years, as of the date of the guarantee certificate issue.

Some products shown in this catalogue may not be in the Boffi product listing. Modifications and improvements to products could vary from the solutions presented.

Boffi means experimentation and high-end manufacturing that is in constant evolution. It is a vigorous search for beauty and functionality. It looks to create a distinct *way of living*.
